Subject: Response to an Apparent Violation in Inspection Report No. 999-90002 / 96-04

Dear Dr. Mallett:

In reference to our letter dated September 6, 1996 and my phone conversation with Mr. Wade Loo this A.M. we would like to clarify that we do not wish to request a predecisional enforcement conference. As stated in our previous letter we agree with the information contained in the subject report, therefore, we feel that a conference is not necessary since we have nothing to add and certainly do not dispute any of the facts stated in this report.

Again we appreciate your understanding and the guidance you and your staff have provided in helping us to correct this situation.

Sincerely,

T.H. McRae
President
