Glenda,

I have attached a revised version of the letter. If I have captured your comment correctly I would appreciate your concurrence in the letter.

Dennis,

Since the final rule makes a conforming change to Part 150.20, and the fee for reciprocity revisions will be eliminated (eff. August 13), you may want to use language similar to the letter your office sent regarding the proposed fee rule. Your letter is dated April 5, 2001. For reciprocity, the final rule did not make any changes to the proposed rule.

I hope to get memos out to the NRC offices next week summarizing the final fee rule changes.

Glenda,

I revised the letter used last year to inform the Agreement States about the final fee rule (see attachment). Please let me know if you have any suggested changes.

**ALL AGREEMENT STATES
MINNESOTA, PENNSYLVANIA, WISCONSIN**

**PROGRAM INFORMATION: FINAL RULE -- 98 PERCENT FEE RECOVERY FOR FISCAL
YEAR 2001 (STP-01-)**

The U.S. Nuclear Regulatory Commission (NRC) would like to inform the Agreement States of a final rulemaking to 10 CFR Parts 170 and 171 regarding the licensing, inspection, and annual fees to recover approximately 98 percent of its fiscal year (FY) 2001 budget authority. The amendments are necessary in order to implement the Omnibus Budget Reconciliation Act of 1990 (OBRA-90), as amended, which mandates that NRC recover approximately 98 percent of its budget authority, less the amount appropriated from the Department of Energy administered Nuclear Waste Fund. The final rule will assess fees to those Agreement States licensees who perform work in Non-Agreement States under the reciprocity provisions of 10 CFR 150.20. The final rule was published in the *Federal Register* on June 14, 2001 (66 FR 32452) and the effective date for the final rule is August 13, 2001.

In the past, a Notice of Proposed Rulemaking (proposed rule) and a Notice of Final Rulemaking (final rule) on the fee rules have been mailed to all Agreement States, Non-Agreement States, and NRC licensees. However, as announced in the FY 1998 proposed fee rule, the final rule will no longer be mailed. In addition to publication in the *Federal Register*, the final rule can be obtained on the Internet at <http://ruleforum.llnl.gov/>, by requesting a copy from the NRC's fee staff at (301)415-7554, by e-mail at fees@nrc.gov, or by writing to the Office of the Chief Financial Officer, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001. The proposed rule will continue to be mailed as in past practice.

Please inform your licensees of the final fee rule and how they can access it. If you have any questions regarding this notice, please contact the individual listed below.
