Examination Outline Review Comments
Reviewer: T. McKernon/ R. Lantz
Chief Examiner: H. Bundy

Written Exam:

Ensure reference examination copy designates which 10CFR55.43 topic area is represented by each SRO only question. *Resolution: Incorporated.*

Walkthrough:

None

Admin:

SRO A4 looks like a simple question. Need to ask a second question for evaluation of conditions for EAL and Pars, or combine both into a JPM to evaluate, classify, determine PARS and fill out notification forms. *Resolution: Developed JPM as recommended.*

SRO A3 is non-discriminatory as written, add difficulty, such as determining stay-times, or ALARA calculations based on different scenario choices. *Resolution: Increased difficulty by having applicant use survey map to determine stay time and protective clothing requirements.*

Simulator Scenarios:

Scenario 2, Event 7 and JPM B.1.d may have very similar actions... if so, replace JPM.
Resolution: Replaced JPM B.1.d.
