

INITIAL

NO SIGNIFICANT HAZARDS CONSIDERATION DETERMINATION
AND NOTICING ACTION

CP1

Docket No. 50-389 Facility: St. Lucie 2

Licensee: Florida Power & Light Company Date of application: July 7, 1983

Request for: Approval to revise the license condition 2.C.7 to allow natural circulation cooldown and boron mixing test to be performed prior to restart following the first refueling. Testing would only be performed if a similar test performed at the San Onofre 2 plant has data tha is not applicable to St. Lucie 2.

(See attached notice or press release for more details.)

Initial Determination:

- (X) Proposed determination - amendment request involves no significant hazards considerations (NSHC).
- () Final determination - amendment request involves significant hazards considerations (SHC).

Basis for Determination

- (X) Licensee's NSHC discussion has been reviewed and is accepted. See attached amendment request.
- () Basis for this determination is presented in the attached notice.
- () Other (state):

(Attach additional sheets as needed.)

Initial Noticing Action: (Attach appropriate notice or input for monthly FRN)

1. () Monthly FRN. Notice of opportunity for hearing (30 days) and request for comments on proposed NSHC determination - monthly FRN input is attached (Attachment 8).
2. (X) Individual FRN (30 days). Same notice matter as above. Time does not allow waiting for next monthly FRN (Attachments 9a and 9b).

(THIS FORM SHOULD BE TYPED EXCEPT FOR UNUSUAL, URGENT CIRCUMSTANCES.)

- 3. () Local media notice: Valid exigent circumstances exist (evaluated below). Local media notice requesting public comments on proposed NSHC determination is attached (Attachment 10).
- 4. () No notice. A valid emergency situation exists (evaluated below) and there is no time for public notice on proposed NSHC determination. (No attachment.)
- 5. () Individual FRN (30-days). Licensee's claim of exigent or emergency circumstances is invalid (evaluated below). Notice of opportunity for hearing (30 days) and request for comments on proposed NSHC determination is attached (Attachments 9a and 9b). Letter of explanation to licensee is also attached.
- 6. () Individual FRN (30-days). The amendment request involves SHC. Notice of opportunity for prior hearing is attached (Attachment 5). Letter to licensee also attached.
- 7. () Individual Short FRN. Valid emergency circumstances exist (evaluated below). There is no time for the usual 30-day FRN. (Attachment 16).

Evaluation of exigent or emergency circumstances (if applicable):

(attach additional sheets as needed)
