Welch, MN 55089

SUBJECT: PRAIRIE ISLAND NUCLEAR POWER PLANT - CANCELLATION OF  
PREVIOUSLY ANNOUNCED NRC ENGINEERING INSPECTION

Dear Mr. Nazar:

On May 31, 2001, NRC issued an annual assessment letter covering the period from April 2000 to March 2001. This letter contained a preliminary schedule of NRC engineering inspections through April 2002. Due to changes in the baseline inspection program, Inspection Procedure 71111.02 is no longer required to be performed annually. Therefore the Changes, Tests and Experiments inspection scheduled for March 11 - 15, 2002, will not be done. This inspection will be performed along with a future Permanent Plant Modification inspection.

This change has been discussed with your staff. If you have questions regarding the NRC actions discussed above, please contact Mr. John Jacobson at 630-829-9736 or Mr. Ronald Gardner at 630-829-9751.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room).

Sincerely,

**/RA/**
