

National Council on Radiation Protection and Measurements  
7910 Woodmont Avenue, Suite 800  
Bethesda, Maryland 20814

BIOGRAPHICAL INFORMATION

Name Amy Kronenberg

Address Lawrence Berkeley Laboratory, Life Sciences Division  
1 Cyclotron Road, Bldg. 70A-1118 Berkeley, CA 94720

Birth Date [REDACTED]

Education	Institution	Field of Study	Degree	Year Conferred
	Brown University	Biology	B. A.	[REDACTED]
	Harvard University School of Public Health	Cancer Biology (Radiobiology)	D. Sc.	[REDACTED]

Professional Experience (Two most recent past positions)

Position Title	Organization	Dates
Staff Scientist II	Lawrence Berkeley Laboratory	1988-present
Research Assistant Professor	University of California, Berkeley	1989-1990

Society Affiliations Radiation Research Society, AAAS

Honors see attached curriculum vitae

Publications (Attach list of representative publications)

see attached curriculum vitae

Areas of interest related to NCRP activities (Select no more than three from enclosed list).

- Genetics
- Radiation Biology
- 

*Portions Excl  
B/S*

Date April 26, 1993

Signature Amy Kronenberg

Amy Kronenberg

Name (Print)

AMY KRONENBERG

Birthdate: [REDACTED]

Phone No: [REDACTED]

Ex 6

Education:

A.B. Biology  
Sc.D. Cancer Biology

Brown University, Providence, RI  
Harvard University, School of  
Public Health, Boston, MA

Professional Experience:

1975-1977 Student Research Associate, Dr. Peter Heywood, Biology Department, Brown University, Providence, RI 02912

1979-1982 Research Associate in Medical Physics, Brookhaven National Laboratory, Upton, NY 11973

1988-present Staff Scientist 2, Life Sciences Division, Carcinogenesis and Radiation Biology Group, Lawrence Berkeley Laboratory, Berkeley, CA 94720

1988-1989 Research Assistant Professor of Biophysics, University of California, Berkeley, CA 94720

1989-present Member of Advisory Committee on Research Needs in Radiation Protection, National Council on Radiation Protection, Bethesda, MD

1989-present Associate Editor, Advances in Radiation Biology

1989-present Member, LBL Cell & Molecular Biology Division Seminar Committee.

1990-present Member, BEVALAC Biomedical Program Advisory Committee, LBL.

1990-1991 Member, Program Committee, National Council on Radiation Protection.

1990-present Member, Radiation Discipline Working Group, NASA

1991 Scientific Reviewer, Photochemistry and Photobiology.

1991 Member, NIH Special Study Section Review Panel

1991-present Member, BRSG Review Committee, Lawrence Berkeley Laboratory

1991-present Member, Scientific Planning Committee, Radiation Biology and DNA Repair Group, Lawrence Berkeley Laboratory

1991 & 1992 Member, DOE Grant Review Panels, Office of Health and Environmental Research.

1991, 1992, 1993 Scientific Reviewer, Radiation Research.

1992-present Member, Life Sciences Division Work For Others Committee, LBL.

1992-present Member, Program Committee, Radiation Research Society 41st Annual Meeting, Spring 1993, Dallas, TX

1992 Scientific Reviewer, International Journal of Radiation Biology.

1993-present Council Member, National Council on Radiation Protection and Measurements, Bethesda, MD.

Teaching Experience:

Fall 1985 Invited Lecture, Massachusetts Institute of Technology, Course 22.55, Radiation Biophysics, Professor A.C. Nelson

Spring 1987 Graduate Teaching Fellow, Harvard College, Gen. Ed. 190, Cancer, Science & Society, Professor John Cairns

Spring 1989 Lecturer in Biophysics, University of California, Berkeley, Biophysics 131, Radiation Biophysics

1988-1989 Research Supervisor, Resident's Training Program, Radiation Oncology Department, University of California, San Francisco

Summer 1989 Research Supervisor, LBL-Ana G. Mendez Foundation Fellowship Program, Lawrence Berkeley Laboratory

1989-1990 Research Supervisor, Honors Program in Biophysics, UC Berkeley

1991 Guest Lecturer, University of California, Berkeley, MCB 125D, Radiation Biophysics

1991 Research Supervisor, Christine Chang, University of Michigan School of Medicine

1991-present Adjunct Faculty Member, Department of Radiology & Radiation Biology, Colorado State University, Ft. Collins, CO

Summer 1992 Research Supervisor, Center for Science and Engineering Education, High School Teacher Training Program.

## Awards and Honors:

- 1973 Westinghouse Science Talent Search Finalist
- 1973-1977 International Sheet Metal Workers Union Undergraduate Scholarship
- 1973 New York State Regents Scholarship
- 1979 Summer Research Fellowship, Department of Energy, Brookhaven National Lab.
- 1982-1987 N.I.H. Traineeship in Radiation Biology, Harvard School of Public Health
- 1986 Student Travel Award, Radiation Research Soc. National Meeting, Las Vegas, NV
- 1987 Student Travel Award, Radiation Research Soc. National Meeting, Atlanta, GA
- 1987 Young Investigator Award, 8th International Congress of Radiation Research, Edinburgh, Scotland
- 1987 Invited Speaker, Third Workshop on Heavy Charged Particles in Biology and Medicine, GSI, Darmstadt, FRG
- 1987 Invited Speaker, American Nuclear Society, Cambridge, MA.
- 1988 Young Investigator Award, 14th L.H. Gray Conference, Low Dose Radiation - Biological Bases of Risk Assessment, Oxford, England
- 1988-1989 Principal Investigator, NIH BRSR Grant: Locus Specificity for Mutation Induction in Human Cells
- 1989 Invited Speaker, Dept. of Radiat. Oncol., Stanford University, Palo Alto, CA
- 1989 Program Committee, Workshop on Biomedical and Space-Related Research with Heavy Ions at the BEVALAC, Lawrence Berkeley Laboratory, March 16-17, 1989.
- 1989 Invited Speaker, Pacific Radiation Biology Symposium, Palo Alto, CA
- 1989 Invited Speaker, Memorial Sloan Kettering Cancer Institute, New York, NY
- 1989-1990 Principal Investigator, NIH BRSR Grant: Role of RNA Polymerase in the Repair of Premutagenic Damage
- 1989-1994 Principal Investigator, NIH R29 Grant: Heavy Ion Mutagenesis: LET Dependence and Locus Specificity
- 1990- Invited Speaker, NASA Workshop on Radiation Health, Houston, TX
- 1990 Invited Participant, NASA Lifesat Workshop, Pasadena, CA
- 1990 Invited Speaker, AFRRI Colloquium on Neutron Radiation Biology, Rockville, MD.
- 1991 Invited Speaker, Fox Chase Cancer Center, Philadelphia, PA
- 1991 Invited Speaker, Armed Forces Radiological Research Institute, Bethesda, MD
- 1991 Invited Speaker, National Council on Radiation Protection Annual Meeting, Washington, DC
- 1991 Invited Speaker, NASA Workshop on Radiation Health, Houston TX
- 1991 Young Investigator Award, 9th International Congress of Radiation Research, Toronto, Canada.
- 1991 Invited Symposium Speaker, 9th International Congress of Radiation Research, Toronto, Canada
- 1991-1994 Principal Investigator, NASA Radiation Health Grant: Mutagenesis in human cells with accelerated H and Fe ions.
- 1991-1996 Project Leader, Project 2 - Mutagenesis Studies-NASA Specialized Center for Research and Training Grant. Collaborative project with Dr. Charles Waldren, Colorado State University.
- 1992 Invited Speaker, Cell and Molecular Biology Training Program, Colorado State University
- 1992 Invited Workshop Speaker, 40th Annual Meeting of the Radiation Research Society, Salt Lake City, UT
- 1992 Invited Speaker, NASA Workshop on Radiation Health, Houston, TX
- 1992 Invited Speaker, Argonne National Laboratory, IL
- 1992 Invited Speaker, World Space Congress, Washington, DC
- 1992 Invited Speaker, Stanford Univ., Dept. of Radiation Oncology, Palo Alto, CA
- 1993 Invited Speaker, US-India Radiological and Chemical Physics, New Dehli, India
- 1993 Invited Speaker, Brookhaven National Laboratory, Upton, NY
- Memberships: AAAS Radiation Research Society
