Describe Follow-up: (Telephone, Internet, Chamber of Commerce, Other) Carmen Venezia, OSRAM Sylvania, Human Resources/Safety Department (570-268-5128). The site has been under both general license and specific license for many years. Consequently, the program under the general license has been inspected on several occasions, and the results are on file. All generally licensed gauges are either in use or properly disposed. Mr. Venezia faxed me a current inventory.

Gauge Information:	
ID	For each gauge for which status is unaccounted for (see last column of Form TI-2), provide any conclusions about location of the gauge:

This is another case of great inaccuracies in the general license database. A number of gauges in the database were returned to the vendor and reported to the NRC years ago. This report includes the current inventory of generally licensed gauges. the OSRAM Sylvania facility also possesses four specifically licensed gauges, which are not included.
