

**Preliminary Outline:
Risk-Informed, Performance-
Based Fire Protection Guidance**

Fred Emerson, NEI

December 18, 2001

**Proposed Implementing
Guidance**

- Principal points addressed in outline
 - Licensing process
 - Guidance for adoption as new licensing basis
 - Guidance for use of NFPA 805 tools within current licensing basis
 - Configuration management issues
 - Relationship with other regulatory guidance
 - Interpretations/guidance for NFPA 805 (appendices)

Discussion

- NRC comments on draft outline
- Changes needed to reflect rulemaking language recently issued
 - Industry comments to be provided separately
- Schedule for discussion of technical positions in implementing guidance
