Subject: Transmittal of Analyses and Preparations for Support of On-Site Representatives Open House

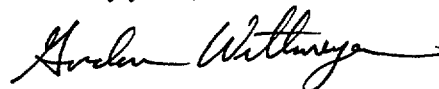

Dear Dr. Leslie:

The purpose of this letter is to transmit written public outreach materials that fulfill Intermediate Milestone 01402.941.110, "Analyses and Preparations for Support of On-Site Representatives Open House." Included on the attached 100 Mb Zip disk are high and low resolution versions of two files: (i) a poster titled "U.S. Nuclear Regulatory Commission On-Site Representatives at Yucca Mountain, Nevada" and (ii) a map titled "Proposed Yucca Mountain Nuclear Waste Repository Site and Vicinity." The high resolution files are suitable for producing additional hard copies of each item, while the low resolution files are better suited for inclusion on the U.S. Nuclear Regulatory Commission High-Level Waste branch website. Also included is a copy of a fact sheet titled "The Role of the U.S. Nuclear Regulatory Commission (NRC) On-Site Representatives for the Potential High-Level Radioactive Waste Repository at Yucca Mountain, Nevada" that is suitable for printing or for use on the website.

In addition to the electronic files, 250 hard copies of the fact sheet have been sent to the On-Site Representatives Offices in Las Vegas, Nevada, for the March 21, 2001, meeting with Clark County and the March 28, 2001, On-Site Representatives Open House. High quality poster-sized copies of items (i) and (ii) have also been provided for the March 28, 2001, Open House.

If you have any questions on the material delivered on the 100 Mb Zip disk, or you require additional hard copies, please call Mr. Michael Smith at (210) 522-6828.

Sincerely yours,

Gordon W. Wittmeyer, Ph.D.
Manager, Performance Assessment
