Re: St. Lucie Units 1 and 2  
Docket Nos. 50-335 and 50-389  
Schedule for Submittal of Application  
for Renewed Operating Licenses

By Florida Power & Light Company (FPL) letter L-99-234 dated November 8, 1999, FPL announced its intent to submit an application for renewed licenses for St. Lucie Units 1 and 2 by the end of June 2002. The purpose of this letter is to notify the NRC that FPL is ahead of the docketed schedule for the St. Lucie license renewal submittal and, as a result, plans to submit the license renewal application for St. Lucie Units 1 and 2 by the end of December 2001. FPL is sensitive to NRC resource planning considerations for reviews of this magnitude and appreciates NRC efforts to ensure timely review of FPL's license renewal application.
