2002 Surety Estimate Revision

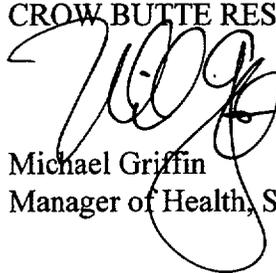

Dear Mr. Linder:

Attached is a revised summary sheet for the annual update to the surety estimate for the Crow Butte Uranium Mine. The revised estimate for 2002 is \$12,355,260 and is based on a correction to the summary sheet. The surety estimate for I-196 Brule Aquifer Restoration was inadvertently left out of the total Reclamation and Restoration Cost estimate. All other sheets in the original estimate submitted on September 18, 2001 remain unchanged.

Upon approval, Crow Butte Resources, Inc. will provide a secured letter of credit on the renewal date to the State of Nebraska in an amount equal to the updated surety estimate.

If you have any questions or require any further information, please do not hesitate to call me at (308) 665-2215.

Sincerely,
CROW BUTTE RESOURCES, INC.

Michael Griffin
Manager of Health, Safety, and Environmental Affairs
