Gentlemen:

Our Office of Inspection and Enforcement, Region II, advised us by its memorandum of March 19, 1975, that the outstanding items listed in Enclosure 2 of our letter to you dated December 27, 1974 have been completed. These outstanding items are those that had to be completed prior to performing the initial criticality operations for the Brunswick Steam Electric Plant, Unit 2 in accordance with the provisions of Section 6.14.1 of Appendix A to Facility Operating License DPR-62.

This letter authorizes you, to proceed with initial criticality operations and those zero power testing operations up to but not including the initial opening of the main steam line isolation valve operations for the Brunswick Steam Electric Plant, Unit 2.

Prior to the initial opening of the main steam line isolation valves further written authorization from the Nuclear Regulatory Commission must be obtained in accordance with the provisions of Section 6.14.2 of the Appendix A to Facility Operating License DPR-62 for the Brunswick Steam Electric Plant, Unit 2.

Sincerely,

Original signed by R. C. DeYoung
