Dear Mr. Utley:

On September 10, 1984 we issued Amendment Nos. 74 and 100 to Facility Operating License Nos. DPR-71 and DPR-62 for the Brunswick Steam Electric Plant. The amendment revised Section 3/4.7.5 of the Technical Specifications to remove table 3.7.5-1 Safety related Hydraulic Snubbers. The amendment instructions should have removed pages 3/4 7-29 through 3/4 from the Unit 1 Technical Specifications and replaced them with a sheet indicating that pages 3/4 7-29 through 3/4 7-31 were intentionally left blank. Similarly, pages 3/4 7-29 through 3/4 7-36 should have been removed from the Unit 2 Technical Specifications and replaced with a sheet indicating that pages 3/4 7-29 through 3/4 7-36 were intentionally left blank.

We regret any inconvenience this may have caused.

Sincerely,

Original signed by:

Domenic B. Vassallo, Chief  
Operating Reactors Branch #2  
Division of Licensing
