Estimates For Operating Reactors," dated November 16, 2001.

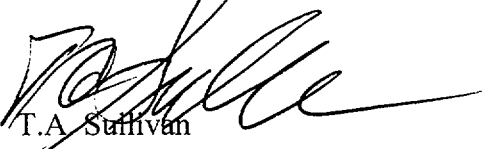

Dear Sir:

This letter responds to the NRC request for information, contained in Reference 1, pertaining to the estimates of the number of licensing actions that will be submitted for the NRC's review in the up coming fiscal year (FY) (10/1/02 to 9/30/03).

FitzPatrick estimates that approximately seven (7) licensing actions will be submitted to the NRC during the period from October 1, 2002 through September 30, 2003. Attachment 1, Table of Estimated Licensing Actions, provides a brief description of the anticipated submittals.

The number of projected licensing action submittals are estimates which are subject to change and do not constitute FitzPatrick Nuclear Power Plant commitments. If you have any questions, please contact Mr. Andrew Halliday at (315) 349-6055.

Very truly yours,

  
T.A. Sullivan
