Re: FOIA Request

Dear Sir/Madam:

The California Chapter of the American College of Nuclear Physicians wishes to make a request under the Freedom of Information Act. We wish to receive a copy of the letter that NRC has sent or will send to the House-Senate Conferees (it is due January 31, 2002) responding to language in its Energy and Water Appropriations Law for 2002 severely limiting the use of the new Part 35 for diagnostic nuclear medicine, "...until such time as the Commission has reexamined 10 CFR Part 35 and provided a report to Congress which explains why the burden imposed by 10 CFR Part 35 could not be further reduced."

In addition, the California Chapter of the American College of Nuclear Physicians hereby offers, at no charge, to review and comment on NRC's draft before it is submitted.

Thank you for your attention and consideration.

Please send the requested document to:

Sincerely,

Carol S. Marcus, Ph.D., M.D.
