→ Jack Strosnider and John Zwolinski are the NRR points of contact for any inquiries from external stakeholders on the release of the research document examining IP2 SG licensing issues and NRR's lessons learned response. NRR staff should direct all incoming calls to them so that they can address any questions. (When the talking points for release of the memos are issued, we will provide you a copy for information). Jack and John have Q and A's developed by the staff to respond to inquiries.

★ [Jack Strosnider can be reached on (301) 415-3298
