Subject: IP-2 Meeting

John Z. and I spoke with Groth at 4:00 pm, today. Groth wanted meeting as early as next Wednesday, 7/26. We said no, we could not get a meeting notice out, get ads in newspapers, etc., until Monday, resulting in essentially one day's notice, which was way too short. We agreed to a meeting at the site next Friday, 7/28, probably 10am to about 4pm. Open for public observation. I told John we are characterizing the meeting as working level, and the highest level manager we plan on sending is Strosnider. He agreed. IP-2 team will move on communications to OPA, OCA, petitioners, etc.
