 Subject: Re: IP-2 SG Issue

I pooled the staff to see how many will attend and told them we should minimize the number of lines. I'll get back to you soon. My guess is we'll need 2-3 for NRR.

>>> Sharon Johnson 01/04 8:50 AM >>>  
 Greg

Just tried to set up conference call for IP-2 SG issue we are going to talk about on 1/10/01.

I am told I need to know HOW MANY lines we will need before they can put it in the computer to schedule and give me the phone #.

Everyone here can sit in our office - but I don't know from where all of the persons in NRR will be located or calling from.

HELP!

Also, is there any material prepped for this meeting?

Thanks Much  
 Sharon
