

February 6, 2002

Bryan Burrell, Board President  
Nyack Public School District  
Administration Building  
13A Dickinson Avenue  
Nyack, NY 10960

Dear Mr. Burrell:

This is in response to your letter dated December 12, 2001, regarding emergency preparedness for your School District in the event of an incident at the Indian Point Nuclear Power Station. We did not receive your letter in the Regional office until January 17, 2002. We are also in receipt of a Federal Emergency Management Agency (FEMA) letter to you dated December 27, 2001 that responds to your concerns regarding the Indian Point Emergency Plan. FEMA is the lead Federal Agency for offsite emergency preparedness. As stated in FEMA's letter, the responsibility for maintaining and updating the FEMA approved Radiological Emergency Response Plan lies with Rockland County, with support from the New York State Emergency Management Office.

Thank you for your interest and concern in this matter. If you have any questions, please contact me at (610) 337-5234.

Sincerely,

Peter W. Eselgroth, Chief  
Projects Branch 2  
Division of Reactor Projects
