This letter is to acknowledge receipt, by the U. S. Nuclear Regulatory Commission (NRC), of Earth Tech's letter dated January 4, 2002, "2001 Groundwater Corrective Action Annual Review Report and Request for Meeting," submitted on behalf of United Nuclear Corporation's Church Rock project. The NRC staff agrees that the findings of the Annual Review need to be discussed by the stakeholders before making decisions regarding the changes to the Church Rock groundwater corrective action program recommended in the letter. After this meeting, the NRC staff will establish a schedule for accomplishing the appropriate changes.
