Committee To Review Generic Requirements

SUBJECT: AGENDA FOR THE COMMITTEE TO REVIEW GENERIC  
REQUIREMENTS MEETING NUMBER 367

The Committee To Review Generic Requirements (CRGR) will meet on Tuesday, February 26, 2002, from 8:00 a.m. to 9:00 a.m. in room T-2 B-5.

Phil Qualls will discuss the staff guidance provided to NRC inspectors during a regional quarterly workshop in November 2001 on evaluating reliance on manual actions in lieu of the cable and equipment separation requirements imposed on redundant trains of safe shutdown systems within the same fire area by 10 CFR 50, Appendix R, Section III.G.2; the Nuclear Energy Institutes' concerns about that guidance; and the NRR response to those concerns.

If a CRGR member cannot attend the meeting, it is his or her responsibility to ensure that an alternate, who is approved by the CRGR Chairman, attends the meeting. Persons making presentations to the CRGR are responsible for (1) ensuring that the information required for CRGR review is provided to the committee (CRGR Charter Section IV); (2) coordinating and presenting views of other offices; (3) as appropriate, ensuring that other offices are represented during the presentation; (4) forwarding an electronic copy of the presentation materials to CRGR staff (R. Spence) 1 week before the meeting; (5) providing 10 copies of presentation materials for distribution on the day of the meeting; (6) and ensuring that agenda modifications are coordinated with the CRGR staff and others involved with the presentation. Sponsoring Division Directors or higher management should attend meetings addressing agenda items under their purview.
