BOEING

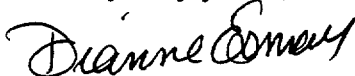

Dear Sir or Madam:

In accordance with the reference correspondence and 10 CFR 21, Boeing is sending the NRC the attached error notice(s) received from our former software suppliers. Because of unknown current addresses, the following former customers were not notified:

Reactor Controls, Inc.
Echo Energy Consultants, Inc.
Nuclear Applications and Systems Analysis Company (Japan)
Nuclear Power Services
URS/John A. Blume & Associates

Error notices have been sent to our other former customers.

Very truly yours,

pu J. M. Keithley
Nuclear Administrator

Attachment(s): GTICES Error Report 93.11

GTISL (GTICES) PROGRAM REPORT FORM

GPRF No.: 93.11

DATE: April 5, 1993

FROM: GTICES SYSTEMS LABORATORY
GEORGIA INSTITUTE OF TECHNOLOGY
ATLANTA, GEORGIA 30332-0355

SEVERITY LEVEL:

- URGENT Problem results in incorrect answers which may not be apparent or job aborts and cannot be recovered within the session or job.
- SERIOUS Problem results in incorrect answers which are obvious or problem prevents completion of a particular user's task.
- MINOR Problem can be worked around or problem poses high frustration factor.
- INFORMATIVE Documentation error, program usage tip, user inconveniences.

DATE PROBLEM CONFIRMED April 5, 1993

DATE NOTIFICATION SENT April 6, 1993

COMPUTERS All

OPER. SYSTEM All

GTISL BASIC SYSTEM VERSION All

GTICES PRODUCT NAME GTSTRNDL

VERSION All versions prior to 93.01

TARGET RELEASE FOR CORRECTION 93.01 VAX but may also be included in 9201 releases on some platforms. Check Release Guide to see if problem is listed as corrected on 9201 versions.

STORE RESPONSE SPECTRA
AFTER
GRID DEFINITION

An error may occur if a STORE RESPONSE SPECTRA command is given immediately following a GRID DEFINITION command. The error may manifest itself in two ways as described below:

1. After the END statement in the STORE RESPONSE SPECTRA command sequence, the message "Dump ofResponse Spectra Curves in Current Units" will be output followed by output of the response spectra curve data just entered. The curves will be stored correctly and there will be no adverse effects in subsequent processing.
2. The response spectra curve data will not be stored and a later reference to the curve in the RESPONSE SPECTRA LOAD command will output a message indication that the response spectra file could not be found.

Workaround:

Specify the STORE RESPONSE SPECTRA command before the GRID DEFINITION command.

Applicable Sections of the Documentation:

GRID DEFINITION Command - Section 3.2, Volume 4 of the Users Manual.

STORE RESPONSE SPECTRA Command - Section 2.4.4.2, Volume 3 of the Users Manual.

RESPONSE SPECTRA LOADING Command - Section 2.4.4.6.1, Volume 3 of the Users Manual.
