Mr. Ellis W. Mershoff  
Regional Administrator, Region IV  
United States Nuclear Regulatory Commission  
611 Ryan Plaza Drive, Suite 400  
Arlington, Texas 76011-8064

Re: Kaiser Tulsa SDMP Site

Dear Mr. Mershoff:

Kaiser Aluminum & Chemical Corporation (Kaiser) is currently conducting work at our property in Tulsa, Oklahoma under NRC's Site Decommissioning Management Plan. Kaiser's license number STB-472, was terminated in 1971.

Although Kaiser is not a licensee, we are notifying NRC that on Tuesday, February 12, 2002, Kaiser filed a voluntary petition under Chapter 11 of the Federal Bankruptcy Code in United States Bankruptcy Court for the District of Delaware.

During its reorganization, Kaiser is continuing its operations without interruption. Kaiser continues to own and control the Tulsa property. The property is secure and our site administrator, Paul Handa, is still located at the site and controls access to the site. Kaiser continues work under the SDMP.

If you have any questions concerning this matter call me at 225/231-5116.

Sincerely,

Bill Vinzant  
Manager, Corporate Environmental Affairs
