SUBJECT: STAFF SUPPORT FOR NRC RECRUITING EFFORTS

Dear Mr. Swafford:

I would like to thank you and your staff at the Dresden Station for providing a demonstration on your Dresden simulator on January 28, 2002 to prospective NRC employees. The NRC is dedicated to attracting highly motivated individuals for our entry level positions. These potential hires also participated in a plant tour and discussion with the Resident Inspector. Because of the current National security environment, we appreciate your assistance in accommodating these visitors to the site. Your staff provided an excellent introduction to the nuclear industry and their effort was greatly appreciated.

Sincerely,

*/RA/*

Steven A. Reynolds, Deputy Director  
Division of Reactor Projects
