MEMORANDUM TO: Donald A. Cool, Director
Division of Industrial and Medical Nuclear Safety
Office of Nuclear Material Safety and Safeguards

FROM: Michael T. Lesar, Chief /RA/
Rules and Directives Branch
Division of Administrative Services
Office of Administration

SUBJECT: OFFICE CONCURRENCE ON FINAL RULE: MATERIAL CONTROL
AND ACCOUNTING AMENDMENTS (10 CFR PARTS 51, 61, 70, 72,
73, 74, 75, 76, AND 150; AG69)

The Office of Administration concurs on the subject Commission paper and Federal Register notice, and we have attached a marked copy of these documents that presents our comments.

When this document is forwarded for signature and publication, please have a member of your staff include a 3.5-inch diskette that contains a copy of the document in WordPerfect as part of the transmittal package. The diskette will be forwarded to the Office of the Federal Register and the Government Printing Office for their use in typesetting the document. Also, please include a copy of the Congressional letters on a diskette. This diskette will be forwarded to the Office of Congressional Affairs.

A Regulatory History must be created for this final rule after it has been published in the Federal Register. The Regulatory History should be created in ADAMS. In the profile of each document related to the Regulatory History, use the Regulation Identifier Number (RIN) as the Case/Reference number (RIN 3150-AG69). This will make it easier to combine all the documents into a folder under ADAMS after the final rule has been published.

We have forwarded a copy of the rule to the Records Management Branch, Office of the Chief Information Officer, for their comment and concurrence concerning the paperwork management aspects of this rulemaking action. We have requested that they respond directly to you.

If you have any questions concerning this matter, please have a member of your staff contact Betty K. Golden at 415-6863 (BKG2), or me at 415-7163 (MTL).
