Re: NDFC Docket No. 2001-1

Dear Chairman Getz:

I am writing on behalf of the Town of Seabrook, the staff of the New Hampshire Public Utilities Commission, the Office of the Consumer Advocate, North Atlantic Energy Corporation, United Illuminating Company, Great Bay Power Corporation, New England Power Company, Little Bay Power Corporation, Canal Electric Company, Connecticut Light and Power Company and New Hampshire Electric Cooperative (the "Stipulation Parties") regarding the comments submitted by Massachusetts Municipal Wholesale Electric Company ("MMWEC"), dated October 15, 2001, concerning the Preliminary Report and Order issued by the Nuclear Decommissioning Financing Committee on September 4, 2001 in Docket No. 2001-1. The comments submitted by MMWEC seek to reopen issues that were extensively discussed in the NDFC's September 4 order and are essentially identical to arguments made by MMWEC during the hearings on the merits. Because the NDFC's preliminary order already addresses MMWEC's position adequately, the Stipulation Parties will not be submitting responsive comments of their own regarding these issues.

Sincerely,

Steven V. Camerino
