

November 3, 1981

Docket Nos.: 50-400/401
and 50-402/403

Mr. J. A. Jones
Vice Chairman
Carolina Power & Light Company
Post Office Box 1551
Raleigh, North Carolina 27602

Dear Mr. Jones:

Subject: Issuance of Amendments to Construction Permits for Shearon Harris
Nuclear Power Plant, Units 1, 2, 3, and 4

Your letter, dated September 3, 1981 transmitted an application for amendments to the Construction Permits for Shearon Harris Nuclear Power Plant, Units 1, 2, 3 and 4, to add North Carolina Municipal Power Agency Number 3 (Power Agency) as a co-owner and to transfer a 16.5% undivided ownership interest in the Shearon Harris facility from Carolina Power and Light Company to the Power Agency. In support of your application, a number of exhibits were submitted by letter, also dated September 3, 1981.

We have reviewed your application, along with the supporting information, and have concluded that North Carolina Municipal Power Agency Number 3 is financially qualified to participate in the ownership of the Shearon Harris facility to the extent of 16.5% undivided ownership interest. Further, we conclude that this action does not involve a significant hazards consideration, does not constitute an unreasonable risk to the health and safety of the public, and is not inimical to the common defense and security. The bases for these conclusions are set forth in the enclosed safety evaluation.

We have also concluded that the amendments involve actions which are insignificant from the standpoint of environmental impact and that, pursuant to 10 CFR Section 51.5(d)(4), an environmental impact statement or negative declaration and an environmental impact appraisal need not be prepared in connection with the issuance of the amendments.

Mr. J. A. Jones
Vice Chairman
Carolina Power & Light Company
Post Office Box 1551
Raleigh, North Carolina 27602

Dear Mr. Jones:

Subject: Issuance of Amendments to Construction Permits for Shearon Harris Nuclear Power Plant, Units 1, 2, 3, and 4

Your letter, dated September 3, 1981 transmitted an application for amendments to the Construction Permits for Shearon Harris Nuclear Power Plant, Units 1, 2, 3 and 4, to add North Carolina Municipal Power Agency Number 3 (Power Agency) as a co-owner and to transfer 16.5% ownership shares from Carolina Power and Light Company to the Power Agency. In support of your application, a number of exhibits were submitted by letter, also dated September 3, 1981.

We have reviewed your application, along with the supporting information, and have concluded that North Carolina Municipal Power Agency Number 3 is financially qualified to ⁽¹⁾ participate in the ownership of Shearon Harris facility to the extent of ~~and (2) assume a 16.5% ownership share in Shearon Harris.~~ Further, we conclude that this action does not involve a significant hazards consideration, does not constitute an unreasonable risk to the health and safety of the public, and is not inimical to the common defense and security. The bases for these conclusions are set forth in the enclosed safety evaluation.

We have also concluded that the amendments involve actions which are insignificant from the standpoint of environmental impact and, pursuant to 10 CFR Section 51.5(d)(4), ^{that} an environmental impact statement or negative declaration, and environmental impact appraisal need not be prepared in connection with the issuance of the amendments.

interest in the Shearon Harris facility

R. W. 129

October 30, 1981

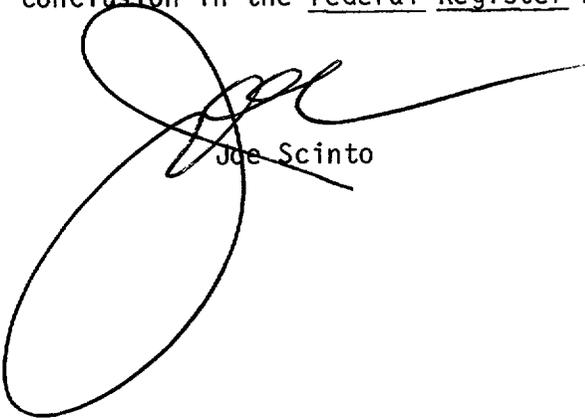

Note to M. Licitra

Re: Shearon Harris (ELD #81-10-28-11)

This package needs a few changes.

You are changing the definition of applicants in paragraph 1.B of the CP but you are not touching paragraph 2 of the CP. Paragraph 2 issues a CP to the applicant. That paragraph should be changed to make it clear that the new financial-only applicant, the Power Agency, is not authorized to construct this reactor. Only CP&L has been found technically qualified - we probably have no QA program for the Power Agency, etc. The amendment to the OL for Brunswick makes it very clear what the status of the Power Agency is on the OL. The CP for Shearon Harris should be just as clear.

Put in an environmental conclusion in the Federal Register Notice.

Joe Scinto

CAROLINA POWER AND LIGHT COMPANY
NORTH CAROLINA MUNICIPAL POWER AGENCY NUMBER 3
DOCKET NO. 50-400
SHEARON HARRIS NUCLEAR POWER PLANT, UNIT NO. 1
AMENDMENT TO CONSTRUCTION PERMIT

Amendment No. 1
Construction Permit No. CPPR-158

1. The Nuclear Regulatory Commission (the Commission) having found that:
 - A. The application for amendment contained in a letter dated September 3, 1981, and supplemented by a second letter dated September 3, 1981, for the purpose of adding North Carolina Municipal Power Agency Number 3, as a co-owner of the Shearon Harris Nuclear Power Plant, Unit 1, complies with the standards and requirements of the Atomic Energy Act of 1954, as amended, and the Commission's rules and regulations set forth in 10 CFR Chapter I:
 - B. North Carolina Municipal Power Agency Number 3 is qualified to finance its proposed 16.5 percent undivided ownership interest in the facility.
 - C. The issuance of this amendment will not be inimical to the common defense and security or to the health and safety of the public; and
 - D. Issuance of this amendment will not result in any environmental impacts not previously considered.

2. Accordingly, Construction Permit No. CPPR-158 is amended to reflect a change in ownership shares as follows:
 - A. Revise paragraph 1.b as follows:
 - B. The Carolina Power & Light Company and North Carolina Municipal Power Agency Number 3 (the applicants) have described the proposed design of the Shearon Harris Nuclear Power Plant, Unit No. 1 (the facility), including, but not limited to the principal architectural and engineering criteria for the design and have identified the major features or components incorporated therein for the protection of the health and safety of the public;

DATE ▶							

B. Revise paragraph 1. F as follows:

F. The Carolina Power & Light Company is technically qualified to design and construct the proposed facility;

C. All other references to "applicant" shall read "applicants" and shall include North Carolina Municipal Power Agency Number 3.

D. Add the following at the end of paragraph 2:

Whereas the Carolina Power & Light Company and North Carolina Municipal Power Agency Number 3, as co-owners, will share in the ownership of the facility, the Carolina Power & Light Company shall retain exclusive responsibility for the design and construction of the facility.

3. This amendment is effective as of the date of issuance.

 - A. Revise paragraph 1.B as follows:
 - B. The Carolina Power & Light Company and North Carolina Municipal Power Agency Number 3 (the applicants) have described the proposed design of the Shearon Harris Nuclear Power Plant, Unit No. 3 (the facility), including, but not limited to the principal architectural and engineering criteria for the design and have identified the major features or components incorporated therein for the protection of the health and safety of the public;

B. Revise paragraph 1. F as follows:

F. The Carolina Power & Light Company is technically qualified to design and construct the proposed facility;

C. All other references to "applicant" shall read "applicants" and shall include North Carolina Municipal Power Agency Number 3.

D. Add the following at the end of paragraph 2:

Whereas the Carolina Power & Light Company and North Carolina Municipal Power Agency Number 3, as co-owners, will share in the ownership of the facility, the Carolina Power & Light Company shall retain exclusive responsibility for the design and construction of the facility.

3. This amendment is effective as of the date of issuance.

AMENDMENT TO CONSTRUCTION PERMIT

Amendment No. 1
Construction Permit No. CPPR-161

1. The Nuclear Regulatory Commission (the Commission) having found that:
 - A. The application for amendment contained in a letter dated September 3, 1981, and supplemented by a second letter dated September 3, 1981, for the purpose of adding North Carolina Municipal Power Agency Number 3, as a co-owner of the Shearon Harris Nuclear Power Plant, Unit 4, complies with the standards and requirements of the Atomic Energy Act of 1954, as amended, and the Commission's rules and regulations set forth in 10 CFR Chapter I:
 - B. North Carolina Municipal Power Agency Number 3 is qualified to finance its proposed 16.5 percent undivided ownership interest in the facility.
 - C. The issuance of this amendment will not be inimical to the common defense and security or to the health and safety of the public; and
 - D. Issuance of this amendment will not result in any environmental impacts not previously considered.
2. Accordingly, Construction Permit No. CPPR-161 is amended to reflect a change in ownership shares as follows:
 - A. Revise paragraph 1.B as follows:
 - B. The Carolina Power & Light Company and North Carolina Municipal Power Agency Number 3 (the applicants) have described the proposed design of the Shearon Harris Nuclear Power Plant, Unit No. 4 (the facility), including, but not limited to the principal architectural and engineering criteria for the design and have identified the major features or components incorporated therein for the protection of the health and safety of the public;

NOTICE OF ISSUANCE OF AMENDMENTS TO CONSTRUCTION PERMITS

Notice is hereby given that the U. S. Nuclear Regulatory Commission (the Commission) has issued Amendments No. 1 to Construction Permit Nos. CPPR-158, CPPR-159, CPPR-160, and CPPR-161. The amendments add North Carolina Municipal Power Agency Number 3 as a co-owner and reflect a transfer of a 16.5% undivided ownership interest from Carolina Power and Light Company to North Carolina Municipal Power Agency Number 3 for the Shearon Harris Nuclear Power Plant, Units 1, 2, 3 and 4 (the facilities), located in Wake and Chatham Counties, North Carolina. The amendments are effective as of their date of issuance.

The application for the amendments complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter 1, which are set forth in the amendments. The Commission has also concluded that the amendments involve actions which are insignificant from the standpoint of environmental impact and that, pursuant to 10 CFR Section 51.5(d)(4), an environmental impact statement or negative declaration and an environmental impact appraisal need not be prepared in connection with the issuance of the amendments. Prior public notice of the amendments was not required since the amendments do not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for amendments, dated September 3, 1981; and a supplemental letter also dated September 3, 1981, (2) Amendments No. 1 to Construction Permit Nos. CPPR-158, CPPR-159, CPPR-160 and CPPR-161 and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection in the Commission's Public Document Room, 1717 H Street, N. W., Washington, D. C., and at the Wake County Library, 104 Fayetteville Street, Raleigh, North Carolina 27601. Items 2 and 3 may be requested by writing to the U. S. Nuclear Regulatory Commission, Washington, D. C., 20555. Attention: Director, Technical Information and Document Control.

Dated at Bethesda, Maryland, this 3rd day of November, 1981.
