DISTRIBUTION OF THE WASTE PACKAGE MATERIALS PERFORMANCE PEER REVIEW FINAL REPORT AND NOTIFICATION OF OPEN MEETING

The Waste Package Materials Performance Peer Review Panel (Panel) will present the results of their final report in an open meeting at the J W Marriott Las Vegas on Monday, March 18 and Tuesday, March 19, 2002, from 8:00 a.m. to 5:00 p.m. and 8:00 a.m. to 12:30 p.m. respectively. The Yucca Mountain Site Characterization Project will provide an update on additional corrosion test data available and other selected topics. The J W Marriott is located at 221 North Rampart Drive and the telephone number is (800) 297-5056.

Copies of the final report from the Panel will be available at the time of the meeting and will be posted on the Yucca Mountain Site Characterization Office website (<http://www.ymrp.gov>). The Panel has been organized to review the current technical basis and the planned experimental and modeling program for the prediction of long-term waste package performance. The final report documents the Panel's impressions of the program adequacy to assist the U.S. Department of Energy (DOE) in prioritizing future work plans. Panel recommendations will be provided to DOE to increase confidence in long-term performance projections.

Detailed meeting agendas will be available at the meeting. If you have questions, please contact David Haught at (702) 794-5474 or Paige R. Russell at (702) 794-1315.

Stephan Brocoum, Assistant Manager
