

February 27, 2002

MEMORANDUM TO: File

FROM: Drew Holland, Project Manager, Section 2 **/RA/**
Project Directorate IV
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC
DISCLOSURE (WESTINGHOUSE ELECTRIC COMPANY)

This memo documents that Westinghouse Electric Company (W) submitted a request to close to the public, a meeting that will be held with the NRC staff on March 7, 2002. The request was made by telephone conference between D. Holland (NRC) and W. Slagle (W). In addition, the proposed slides were provided by facsimile transmission.

W has requested that the meeting be closed based on their intent to discuss proprietary information related to their processes, methods, and business plans. Based on guidance provided by the NRC's Office of the General Counsel, the staff concurs that the information related to fuel material creep and growth would improve a competitor's position and therefore should be protected as proprietary. W has asserted and the NRC agrees that all of the information to be presented is proprietary.

W will be providing proprietary written information at the meeting.
