Dear Nuclear Regulatory Commission Public Information Officer,

2002 FEB 25 PM 6: 23

This is a freedom of information request for documents pertaining to discharges made from the Nine Mile Point nuclear power plants into Lake Ontario From 1968 to 1984.

My request is for, but not limited to, copies of or access to logs and the permanent plant records for the Nine Mile One and Fitzpatrick nuclear power plants for the years 1968 through 1984 that include:

- 1) All charts that monitored the volume and levels in all tanks that collected liquid waste or excess water.
- 2) All logs from the radioactive waste building and main control room, such as the Station Shift Supervisor, Chief Shift Operator, and Radioactive Waste Operator logs.
- 3) All logs and discharge authorization paperwork generated by the radiation protection and/or chemistry departments that sampled and analyzed any and all discharges to Lake Ontario.
- 4) Examples would include but not be limited to the Waste Collector Tanks, Floor Drain Collector Tanks, Waste Sample Tanks, Floor Drain Sample Tanks, Waste Surge Tanks, Condensate Storage Tanks.

If you have questions about this request, please give me a call during business hours at 315.446.9999.

Thank you for your assistance.
