Ravnesht Amar, Project Manager  
Rocketdyne Propulsion & Power  
Boeing Company  
6633 Canoga Avenue  
Canoga, CA 91309

Dear Mr. Amar:

Subject: Rocketdyne Propulsion & Power Boeing Company Generator Site Access Permit Number 0202 001 301.

The Generator Site Access Permit for Rocketdyne Propulsion & Power Boeing Company is complete and approved for 1000 cubic feet or less of low level radioactive waste. This letter constitutes the permit. The expiration date will be 2/11/03. The permit number is 0202 001 301. Listed below are the conditions:

- The broker/generator shall comply with the provisions of R313-26 and the requirements as set forth in R313-19-100.
- The Permit Number shall accompany all generator and broker shipments to the land disposal facilities within the state of Utah.
- Generator Site Access permittees shall be subject to the provisions of Rule R313-14 for violations of federal regulations, state rules or requirements in the current land disposal facility operating license regarding radioactive waste packaging, transportation, labeling, notification, classification, marking, manifesting or description.

If you have any questions, please call Edith Barker of my staff at (801) 536-0077.
