Docket No.: 50-302

Mr. Walter S. Wilgus  
Vice President, Nuclear Operations  
Florida Power Corporation  
ATTN: Manager, Nuclear Licensing  
& Fuel Management  
P.O. Box 14042; M.A.C. H-3  
St. Petersburg, FL 33733

SUBJECT: WITHDRAWAL OF TECHNICAL SPECIFICATION CHANGE REQUEST (TSCR) NO. 149  
AND THE ASSOCIATED APPENDIX J EXEMPTION REQUEST; WITHDRAWAL OF TSCR  
NO. 125

Dear Mr. Wilgus:

By letter dated December 10, 1986 (3F1286-12) you withdrew TSCR-149 and the associated Appendix J Exemption Request dated November 4 and 7, 1986 respectively. These requests concerned the surveillance interval for Local Leak Rate Tests (LLRTs) of eight containment isolation valves. On January 5, 1987 (3F0187-02) you withdrew TSCR-125 which concerned the minimum decay heat removal (DHR) flow rate.

Pursuant to 10 CFR 2.107, we have granted these withdrawals.

Sincerely,

/s/

John F. Stolz, Director  
PWR Project Directorate No. 6  
Division of PWR Licensing-B  
Office of Nuclear Reactor Regulation
