**RE: Corrected Sealed Source and Device
Registration Number: MA-1059-S-240-S**

Dear Mr. Jankovich:

We have identified a problem with the above noted Sealed Source and Device (SSD) registration certificate as issued for the AEA Technology QSA, Inc., Model AMN.PEn series of neutron sources. The original certificate which was issued on August 22, 2001, was not signed and dated by either the primary or concurrence reviewer. Please find enclosed a copy of the corrected certificate, signed and dated as of the original date of issue.

If you have any questions please contact me at (617) 727-6214, Extension 2030.

Sincerely,

A handwritten signature in cursive script that reads "Robert Walker".
