

March 13, 2002

The Honorable Mary Ann Dailey
Pennsylvania House of Representatives
1963 East High Street
Suite 100
Pottstown, PA 19464

SUBJECT: LIMERICK GENERATING STATION - ANNUAL ASSESSMENT OF SAFETY
PERFORMANCE

Dear Representative Dailey:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and Exelon Generation Company in which the NRC staff will discuss with Exelon our annual assessment of the safety performance of the Limerick Generating Station.

The meeting will be held at 6:00 p.m. on Tuesday, March 26, 2002, at the Limerick Energy Information Center, 298 Longview Road in Linfield, Pennsylvania, and is open to the public for observation. At the meeting we will briefly discuss our Reactor Oversight Process and then discuss with Exelon our assessment of the safety performance of Limerick and their response to our assessment. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Limerick and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Limerick Generating Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from April 1, 2001 through December 31, 2001. We described our assessment results in a letter to the Exelon Generation Company on March 1, 2002; a copy of that letter is attached.

You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Limerick Generating Station through the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT/ASSESS.index.html>

Your schedule permitting, I look forward to meeting you on March 26, 2002. In the interim, please do not hesitate to contact me at 610-337-5209, if I can be of further assistance to you.

Sincerely,

/RA/

Mohamed Shanbaky, Chief
Projects Branch 4
Division of Reactor Projects
