NRC TO MEET WITH FLORIDA POWER & LIGHT OFFICIALS TO DISCUSS SAFETY PERFORMANCE AT TURKEY POINT NUCLEAR POWER PLANT

The U.S. Nuclear Regulatory Commission staff will meet with Florida Power & Light Company officials on Tuesday, March 19, to discuss the results of NRC's annual assessment of safety performance at the Turkey Point nuclear power plant.

The meeting will be held at 2:30 p.m. in the Turkey Point training center, adjacent to the plant. The public is invited to observe the meeting, and NRC officials will be available before the meeting is adjourned to answer any questions.

A letter sent from the NRC's Regional Administrator to FP&L, which addresses plant safety performance during the previous year and forms the basis of the meeting discussion, is available from the Region II Office of Public Affairs or on the NRC web site at
