Dear Mr. Bliss:

SUBJECT: CORRECTION TO AMENDMENT NO. 21, PAGE 3/4 7-14

Amendment No. 21 was issued on July 27, 1988 to Facility Operating License Nos. NPF-37 and NPF-66 for Byron Stations, Units 1 and 2. One of the changes included in this amendment was correction of a typographical error on page 3/4 7-14. The amendment changed "873.5" to 873.75" feet MSL in Section 4.7.5.a. Due to an administrative error, the change made on page 3/4 7-14 in Amendment No. 20, issued July 21, 1988, was mistakenly omitted when this same page was issued with Amendment No. 21. However, the change to "873.75" was issued with Amendment No. 20.

Therefore, disregard page 3/4 7-14 in Amendment No. 21 and use the page provided in Amendment No. 20. We regret any inconvenience that this error may have caused.

Sincerely,

LS

Leonard N. Olshan, Project Manager
Project Directorate III-2
Division of Reactor Project III,
IV, V and Special Projects
