Subject: IP2 Regulatory Conference *NR*

I'm not sure if I captured all the participants, but if you are aware of someone else in your group attending, please let me know and forward this e-mail. Also, please let me know if you are an addressee but do not plan to attend. I want to get an accurate head count to ensure that we have enough room in the meeting rooms.

We plan on meeting in the Region I executive conference room at 11:00 am before the regulatory conference. I do not plan on having a bridge number, since most people are attending in person. During the meeting we will review the NRC slide presentation and update any new information that we may become aware of before the meeting.

On Wednesday, 9/27, at 3:45 pm, during the regulatory scheduled SDP panel, we plan to finalize our conclusions. This would give us a day to digest Con Edison's points.
