> Subject: Follow Up from NRC meeting 9/26 - Industry Events

>
> Bill/Pete - One of the follow up questions that came up in our 9/26/00
> meeting was to see if there have been any industry events of small primary
> to secondary leakage caused by PWSCC in the u-bend area. The attached
> write up lists the events we checked on. Two other plants had leaks from
> PWSCC in the u-bend area but there were not small leaks. They were Surry
> 2 and Doel 2, which were discussed in our presentation on 9/26/00. If
> there are any other questions please let me know.

>
> <<NRC9_26_industry-event-f_u.doc>>
