## SUMMARY OF INFORMATION COLLECTION REQUEST

Title: IAEA Form N-71, "Design Information Questionnaire"

Current Burden/Responses: 360 hours/1 response

Proposed Burden/Responses: 360 hours/1 response

Burden Attributable to Third-Party Collections: None

Frequency of Response: One time

Reasons for Changes in Burden/Responses: The overall burden estimate for IAEA Form N-71 has remained the same. There has been an increase in the overall cost as a result of an increase in the rate from \$125/hr to \$144/hr.

Level of Concurrence: Chief  
Rulemaking and Guidance Branch  
Division of Industrial and Medical Nuclear Safety  
Office of Nuclear Material Safety and Safeguards

Recordkeeping Requirements in Accordance with the Retention Periods for Records Rule:  
Records retention periods are in accordance with established standards.

Search of the Information Requirements Control Automated System (IRCAS):  
IRCAS was searched on January 18, 2002. No duplication was found.

Abstract: Licensees of facilities that appear on the U.S. eligible list, pursuant to the US/IAEA Safeguards Agreement, and who have been notified in writing by the Commission, are required to complete and submit a Design Information Questionnaire, IAEA Form N-71, to provide information concerning their installation for use of the International Atomic Energy Agency.
