Mr. Russ Chiodo  
Beaver County Emergency  
Management Agency  
250 East End Avenue  
Beaver, PA 15009

SUBJECT: BEAVER VALLEY POWER STATION - ANNUAL ASSESSMENT OF SAFETY  
PERFORMANCE

Dear Mr. Chiodo:

I would like to personally invite you and other members of your organization to observe a meeting between the Nuclear Regulatory Commission (NRC) and FirstEnergy Nuclear Operating Company (FENOC), in which the NRC staff will discuss with FENOC our annual assessment of the safety performance of the Beaver Valley Power Station.

The meeting will be held at 1:00 p.m. on Tuesday, April 9, 2002, in Conference Room A - Emergency Response Facility, Beaver Valley Power Station in Shippingport, PA 15077. The meeting is open to the public for observation. At the meeting, we will briefly discuss our Reactor Oversight Process and then discuss our assessment of the safety performance of Beaver Valley. Also, FENOC will discuss pertinent aspects of its performance and future improvement plans. Following the discussion with FENOC, there will be a brief break. The NRC staff will then convene as a panel to answer questions from you and members of the public regarding the safety performance of Beaver Valley, as well as the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Beaver Valley Power Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from April 1, 2001, through December 31, 2001. We described our assessment results in a letter to FENOC, on March 1, 2002; a copy of that letter is attached.

You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at Beaver Valley through the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT/ASSESS.index.html>

Your schedule permitting, I look forward to meeting you on April 9, 2002. In the interim, please do not hesitate to contact me at 610 337-5146 if I can be of further assistance to you.

Sincerely,
