Dear Mr. Musolf:

SUBJECT: EFFECTIVE DATE FOR AMENDMENT NO. 48 ON OFFGAS SYSTEM TRIP
(TAC 61659)

Re: Monticello Nuclear Generating Plant

On December 1, 1986, the Commission issued Amendment No. 48 to Facility Operating License No. DPR-22 for the Monticello Nuclear Generating Plant. The amendment was to become effective upon completion of the equipment modifications and the affected systems made operable but not later than the startup following the thirteenth refueling outage.

By letter dated January 15, 1987 you informed the Commission that the logic changes were completed during the above outage which ended January 12, 1987. Therefore, Amendment No. 48 is effective as of January 12, 1987.

Your prompt notification is appreciated.

Sincerely,
