

Veliscol Chemical Corporation  
Tennsya Division - Fine Chemical  
Plant  
4902 Central Avenue  
Chattanooga, Tennessee

Attention: Lamar O. Warren  
Donald R. Long

In accordance with letter dated July 20, 1964, signed by L. O. Warren, license No. 41-10117-1 is amended to add condition 14 D and revise condition 15 to read as follows:

14. D. Tests for leakage and/or contamination shall be performed by the licensee as described in letter dated July 20, 1964, or by the Industrial Nucleonics Corporation, or by other persons specifically authorized by the Commission to perform such services.

15. Installation, relocation, maintenance, repair, and initial radiation survey of devices containing byproduct material and installation, replacement, and disposal of sealed sources containing byproduct material used in devices shall be performed only by Industrial Nucleonics Corporation or by other persons specifically authorized by the Commission to perform such services.
