Dear Ms. Litterer:

This is concerning the Safety Light Corporation transfer report for the third quarter of 2001. We have reviewed the report and request the following corrections or additional information:

Please provide serial numbers for the 15 exit signs transferred on September 27, 2001, to Young America Realty, 99 W Cherry, Normal, Illinois 61761. The numbers in your report appear to be erroneous.

We appreciate your cooperation in keeping the Department of Nuclear Safety informed of the status of generally licensed radioactive devices in Illinois. Please call me at 217-785-9917 if you have questions.

Sincerely,

James M. Ewan
