Dear Sheryl:

This letter follows our telephone conversation earlier today concerning our application to utilize portable gauges in non-agreement states. Enclosed are the following:

1. Application-Report of Proposed Activities in Non-Agreement States, Areas of Exclusive Federal Jurisdiction, or Offshore Waters.
2. Addendum of proposed workdays.
3. State of New York - Department of Labor Radioactive Materials License Number 2932-4166.
4. Check for associated fee - \$1,400.

Due to circumstances at the site, it is imperative that I request an expedited review so activities may begin as early as April 5, 2002.

I appreciate your attention concerning this matter. If there are any questions please do not hesitate to call.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Schepart", is written over the typed name.
