Re: URANIUM METAL

Gentlemen:

We would like to make a shipment of 1,000 Grams of Uranium metal to W.C. Heraeus G. m. b. H., Hanau, Germany which will be used at their plant in the manufacture of light filters.

Our customer in Germany has been granted an Import License covering this material by the Allied High Commission in Germany. Enclosed you will find a copy of Licence No. 1454 in their favor dated January 5, 1955.

We have been granted Source Material License No. D-132 dated November 2, 1954 and would appreciate if you will permit us to export this material to Germany.

Your immediate attention to this matter will be greatly appreciated. Thank you for your cooperation.

Very truly yours,
