

SYLVANIA

ELECTRIC PRODUCTS INC.

Atomic Energy Division
BAYSIDE, NEW YORK

March 13, 1957

Division of Civilian Application (4)
U. S. Atomic Energy Commission
1901 Constitution Avenue, N. W.
Washington 25, D. C.

Attention: Mr. Lyall Johnson

Subject: SOURCE MATERIAL LICENSE NO. C-3416

Gentlemen:

As you know, on or about April 1, 1957, most of the work now being performed by the Atomic Energy Division of Sylvania Electric Products Inc. will be assigned to a new company, Sylvania-Corning Nuclear Corporation, which will be jointly owned by Sylvania Electric Products Inc. and Corning Glass Works.

In order to perform this commercial work under the Civilian Application Program, the new Company will need a source material license. Sylvania's Source Material License No. C-3416 will, therefore, not be required by the parent Company after April 1. Would you please either transfer that license to the new Corporation or cancel it and issue a new license to Sylvania-Corning Nuclear Corporation. We would like this application to include, by reference, the information contained in Sylvania's previous applications with regard to License No. C-3416. These applications were the letter of November 3, 1955 from Mr. W. E. Kingston to Mr. H. L. Price and my letters of March 5, 1956 and December 14, 1956 to Mr. Lyall Johnson.

We hope that the modification or new license issued on the basis of this letter will become effective as of April 1.

Very truly yours

SYLVANIA ELECTRIC PRODUCTS INC.
