

CAL:RFB

MAR 25 1957

Sylvania Electric Products, Inc.
Atomic Energy Division
Bayside, New York

Attention: Mr. James McFavish
Purchasing Agent

Gentlemen:

This is in reply to your letter of March 13, 1957, requesting that a source material license be issued to Sylvania-Corning Nuclear Corporation, a new company, either by transferring License No. C-3416 from Sylvania Electric Products, Inc. to Sylvania-Corning, or by cancelling License No. C-3416 and issuing a new license to Sylvania-Corning.

It is our practice to issue a new license to the new company rather than to assign a license when the type of transaction you describe takes place. Upon receipt of an application signed by a person appropriately authorized to sign on behalf of the new corporation, we will be pleased to consider issuance of a source material license to the new corporation.

Enclosed is a set of Form AEC-2 which may be used by the new corporation to apply for a license. An application should be submitted to this office in quadruplicate.

Very truly yours,

[Signature]
and
Lvall Johnson
Chief, Licensing Branch
Division of Civilian Application

Enclosure:
AEC-2(5)
