Radiological Health Unit
80 Centre Street
New York, New York 10013

RE: LR 0085

Dear Mr. Tamuzs:

GTE Laboratories Incorporated is in the process of moving its laboratory facilities from Bayside, New York to Waltham, Massachusetts. As a result of this move, all of our radiation equipment will be either transferred to other divisions of the Company, moved to Waltham or sold.

The following equipment has already been transferred:

- ✓ 1. Philips 60 KV X-ray generator - to GTE Sylvania Incorporated, Danvers, Mass.
- ✓ 2. Philips 50 KV X-ray generator - to GTE Sylvania Incorporated, Towanda, Pennsylvania
- ✓ 3. Philips 50 KV X-ray generator - to GTE Sylvania Incorporated, Seneca Falls, New York
- ✓ 4. Philips 60 KV X-ray generator - to W. B. Driver, Newark, New Jersey

The remainder of the radiation equipment will be removed from the premises by April 1, 1973.

Sincerely yours,

J. F. Cosgrove
