Re: LR0085

Dear Mr. Tamuzs:

GTE Laboratories Incorporated has completed the removal of all radioactive equipment from its Bayside facility. All equipment listed on our registration number LR0085 has been transferred to GTE Laboratories, Waltham, Massachusetts except the following:

1. Philips EM-75 electron microscope to

Mr. J. D. Rodgers  
171 N. Taylor Avenue  
South Norwalk, Conn. 06854

2. Siemens 60KV X-ray generator to

Blake Industries Inc.  
P.O. Box 464  
379 Morris Avenue  
Springfield, N. J. 07081

3. TMC Model 211 Neutron Generator to

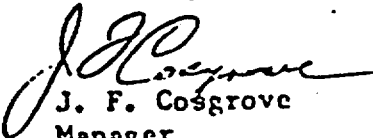

State University of New York  
Maritime College  
Ft. Schuyler  
Bronx, N.Y. 10465

4. Hilger micro-focus unit dismantled for spare parts

5. Alloyd Electronics electron beam evaporator dismantled for spare parts.

These are, of course, in addition to those items mentioned in my letter of December 11, 1972.

Sincerely yours,

J. F. Cosgrove  
Manager
