Docket No. 50-316

Mr. John Dolan, Vice President  
Indiana and Michigan Electric Company  
Post Office Box 18  
Bowling Green Station  
New York, New York 10004

Dear Mr. Dolan:

By letter dated January 14, 1983, we issued Amendment No. 48 to Facility Operating License No. DPR-74 for the Donald C. Cook Nuclear Plant, Unit No. 2.

As part of this amendment we included, as a license condition, a paragraph relating to the requirement of P.L. 97-425. This license condition indicated that the Licensee would satisfy any applicable requirement of P.L. 97-425 within 30 days after the effective date of issuance of the amendment. This 30 day requirement has been changed to 90 days. In addition, the phrase "...or such other time..." has been changed to read "...or such later time...". Enclosed is a revised page 2 of the Amendment.

Please accept our apologies for any inconvenience this administrative error may have caused.

Sincerely,

Original signed by:

David L. Wigginton, Project Manager
